M.2. To the Chief Engineer. No. 1107 dt. 26.1.25. Enquires whether the estimate sanctd in the G.O. of 16th Nov 1921 was given out on contract & worked out fully or in part, and in the latter case what amount has been expended till now.

To the Mny. Commrs No. 1108 dt. 26.1.25. Five copy of the above for info.

From the Sch: Engr:, letter no. 12702 of 16-3-25 states that the estimate for Rs 700 sanctd previously was given out on contract & fully worked out & the unspent balance of Rs 1-11-5 credited to the institution funds.

14. Reference. Member's minutes in para 9-

The previous estimate is reported to have been fully worked out & the small balance of Rs 1-11-5 credited to the institution funds.

15. Subn for orders as to whether the papers

his remarks as per standing orders. The Director of Archaeological Researches in his letter No.308 dated the 2nd April 1924 (copy enclosed) made certain alterations. The estimate now prepared on the suggestion of the Director of Archaeological Researches in Mysore and as scrutinised by this office amounts to Rs 6,250. This is herewith forwarded for favour of early orders.

3. The plan and the estimates originally got up by the Department are also herewith forwarded for perusal and return.

I have the honour to be,

Sir,

Your most obedient servant,

16-12-24

Chief Engineer of Mysore.

Letter No.365 dated the 2nd April 1924, from the Director of Archaeological Researches in Mysore to the Registrar, Mysore University.

With reference to your memo No.10098 dated the 22nd ultimo forwarding for remarks, an estimate for Rs 4,250 for renovating the Ashurkhana at Dodballapur, I have the honour to state as follows-

The Jack-arch method of roofing is an anachronism when applied to ancient monuments and has to be avoided. Flat ceiling on wooden joists may therefore be substituted in its place. Instead of R.S. joists and girders, as proposed in the estimate, the kind of beams used in the existing structure should preferably be used in this portion also.

The stone pillars to be used may be of the shape shown in the accompanying sketch. The parapet shown on the tracing is plain and it is not understood what is meant by an ornamental parapet. The cornice proposed should not be the usual foreign type but should follow the original moulding that may be standing on the building. No colour wash need be given to any portion of the building. Ancient structures look better when they are in plain white colour.

The estimate and the sketch are returned herewith.

"True copy"

ASHRUKHANA AT DODBALLAPUR.

SIR,

With reference to your letter No.1107/Muz.175-24-2 dated the 26th January 1925, calling for certain particulars in connection -- with the Ashrukhana building at Dodballapur, I have the honor to inform you that it is reported by the Executive Engineer, Bangalore Division, that the estimate for repairing the building sanctioned for Rs.700/- in Government Order No.2276-80/G.M.47-21-4 dated the 16th November 1921, was given on contract and the estimate was fully worked out. The unspent balance of Rs.1-11-5 is reported to have been transferred to Civil Department for being credited to the funds of the institution.

2. The plan and the estimate for renovating the building returned with your letter under reference are herewith forwarded again for sanction.

I have the honour to be,
S i r,
Your most obedient servant,

for Chief Engineer of Mysore.
